

Re: Beltrami Monroe NE Resurfacing

April 22nd, 2024

Dear Minneapolis Resident:

This letter is to provide you with notice that work will soon begin on the Beltrami Monroe NE Resurfacing. The streets where work will take place are shown in red on the attached map.

The initial phase of work will be to remove and replace a small amount of damaged concrete curb in the project. If you have plantings, landscape blocks, or other items in the boulevard next to locations where curb is being replaced, please move these items prior to the city starting work. If you have an irrigation system in the right of way, please be sure to have the system marked with flags or stakes along its alignment and maintain the markings until all work is completed. The City is not responsible for any damage to items in the public right of way. If you have questions about curb work locations, please call the contact below. After this work has been completed, the top surface of the street will be milled and replaced with new asphalt, which will occur later in the summer.

Pre-planning should be made for access and parking. There may be times when access to your residence may be delayed for short term periods of time during asphalt milling and paving operations while the road is closed and detoured. Please be patient and understanding as the work progresses and plan ahead for these circumstances.

Thank you in advance for your cooperation while we improve the streets of Beltrami Monroe NE. Visit the link for more information about this project.
